

# Public Works Field Services Manager

## The Position

This integral position is responsible for and oversees the City's public works operations including – streets, traffic signals, street lights, drainage/flood control, sewer collection, environmental services and construction activities – as well as the City's fleet, equipment and automotive shop.

In addition to overseeing the division's daily activities the Field Services Manager works collaboratively with other Public Works divisions, City departments, outside agencies, the public and staff towards department goals, objectives and priorities.

## WHY BELMONT?

This is an exceptional opportunity to join a thriving department and organization!

Be a part of an active and evolving Public Works Department where change is welcomed and innovation is encouraged. Work with a stellar workforce committed to providing outstanding customer service to the Belmont Community.

**Location, Location, Location** – Belmont is located in the beautiful San Francisco Bay Area equidistant to San Francisco and San Jose and a short drive to many east bay communities.

## What we offer:

Competitive salary and comprehensive benefits including and not limited to:

- CalPERS Retirement
- City paid family medical coverage up to the Kaiser family premium
- Monthly City contribution to your 457 Deferred Comp Account
- City paid employee vision, dental, life insurance and LTD
- Monthly City contribution to employee's Retirement Health Savings
- Paid time off (Holidays, Sick, Vacation and Administrative Leave)

## The Ideal Candidate:

- A proven and effective project manager with a demonstrated track record of managing Public Works operations.
- An innovative thinker who can identify and address areas in need of service delivery improvement.
- A leader with outstanding supervisory and management skills.
- Possesses a Wastewater Collections System Operator Level 2 Certification or higher.
