

## EMPLOYMENT OPPORTUNITY

### Public Works Maintenance Worker I/II

Hiring Range I : \$2,767 - \$3,044 / Monthly + Benefits

Hiring Range II : \$3,205 - \$3,526 / Monthly + Benefits

The County of Yuba is currently recruiting for the flexibly staffed position of **Public Works Maintenance Worker I/II** in the Public Works Department of the Community Development and Services Agency. Depending on background, experience and the needs of the department, the position may be filled directly at the Public Works Maintenance Worker II level. The primary responsibilities under this position are to learn and perform semi-skilled and skilled work in the construction, maintenance and repair of roads, bridges, rights of way, parks and related County infrastructure in a centralized or rural location; operate and perform basic maintenance and adjustment to light and heavy equipment in the performance of the work; install street and traffic signs for County roadways and perform related work as assigned.

#### **Ideal Candidate:**

The ideal candidate will have knowledge of the construction industry, including safety regulations pertaining to the work; and have experience practicing safe work methods. The successful incumbent has the ability to develop and maintain cooperative working relationships and excels in a team environment. They will also be motivated and demonstrate initiative in their work. The ideal candidate will be comfortable operating a variety of vehicles and using tools related to the work.

#### **Qualifications:**

##### **Minimum Level I:**

Possess and maintain a valid Class C driver's license; graduation from high school and one year of experience in public works, road or related maintenance work.

##### **Preferred Level I:**

Possess a valid California Class A or B driver's license with a tanker endorsement, graduation from high school and two years of experience in public works, road or related maintenance work, preferably in a public setting.

##### **Minimum Level II:**

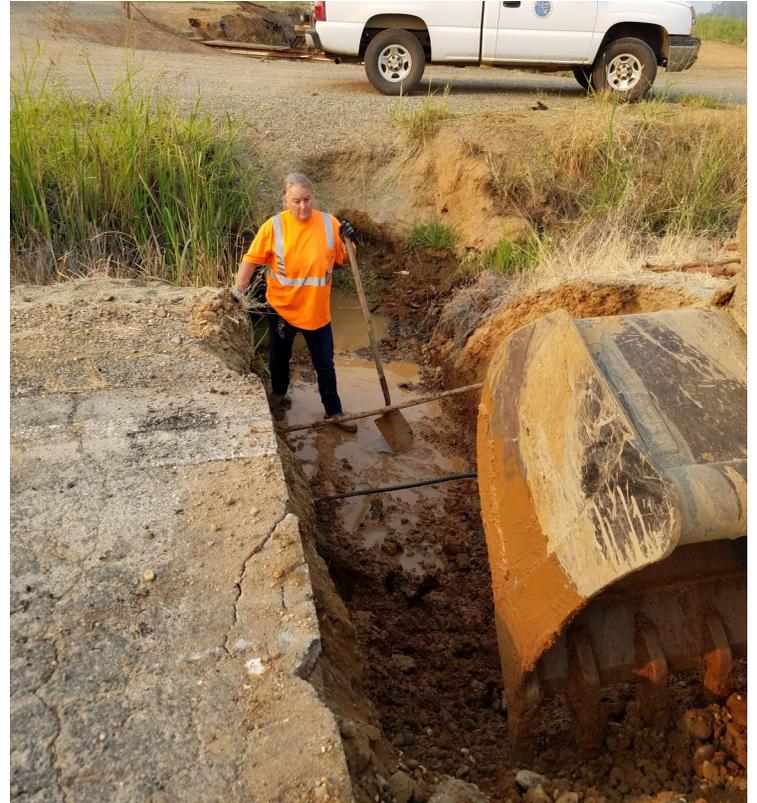

Graduation from high school, a valid California Class A or B driver's license with a tanker endorsement and two years of public works, road or related maintenance experience with at least one year equivalent to the County's class of Public Works Maintenance Worker I.

##### **Preferred Level II:**

In addition to the minimum, a valid California Class A driver's license with a TN or X endorsement (tanker with hazardous materials placard); three years of experience in public works, road or related maintenance work which has included the operation of heavy construction equipment and some experience directing the work of others.

#### **Work Environment:**

Work extended shifts or be called back in emergency situations. Exposure to all weather conditions and machine noises. Work with exposure to potentially hazardous paints, chemicals, solvents, and sealants, exhaust fumes, or other potentially dangerous conditions.

#### **Note Regarding Selection Process:**

*There is a supplemental questionnaire required at time of application. Candidates that receive a passing score on the supplemental questionnaire will be invited to a qualifications appraisal panel interview at a date to be determined. Please be sure to check your email regularly for updates regarding the recruitment selection process.*

#### **Special Requirements:**

Must provide a current DMV printout upon offer of employment. Must successfully complete an extensive and thorough background investigation which includes Live Scan fingerprinting prior to hire. Must comply with U.S. Department of Transportation regulations as a "Safety Sensitive" or "Safety Supportive" classification depending on license, including pre-employment, random, reasonable suspicion and post accident drug and alcohol testing as a condition of employment.

#### **About the Public Works Department:**

The Public Works Department is responsible for maintaining, repairing, designing, and constructing County roads, bridges, parks, and storm water drainage systems in accordance with local, state, and federal laws/standards, and in a manner that maximizes public safety. Due to the mountainous terrain in the eastern half of the County, road maintenance often includes snow plowing. The Yuba County Maintained Mileage for roads consists of 653 miles, 76 bridges (greater than 20' in length), and numerous culverts/drainage structures. The department also reviews and approves land development projects as they relate to the County road, drainage, and park systems. Public Works performs administration and maintenance of the County parks and County Services Areas.
