

POSITION: SENIOR MECHANICAL ENGINEER (PS101424)

LOCATION: San Francisco, CA – Golden Gate Bridge

SALARY RANGE: \$125,153.60 - \$151,257.60 annually, plus benefits (40-hour workweek)
Employee pays up to 7% of salary/wage toward CalPERS retirement plan

POSITION DESCRIPTION:

Under direction, perform varied professional and mechanical engineering work of above average difficulty in the field and office. May supervise subordinate engineering personnel engaged in design and construction work. May act as resident engineer on construction projects. Interpret, explain and carry out existing engineering construction, design and inspection methods and procedures. Responsibilities include regular contact with mechanical suppliers, contractors and their representatives, the general public and other professional engineering personnel obtaining and providing technical engineering data and information, preparing, checking and reviewing detailed and complex engineering plans, specifications and related reports. Perform related duties as required.
