## San Francisco Fire Department

Established in 1866, the San Francisco Fire Department is rich in tradition and history. From the Great Earthquake and Fire of 1906 to the Loma Prieta Earthquake of 1989, the Department has grown to meet the many challenges along the way. Today, the San Francisco Fire Department serves an estimated 1.5 million people, providing fire suppression, fire prevention and emergency medical services to the residents, visitors and workers within San Francisco's 49 square miles.
